MODULAR KIOSK

LG MODULAR KIOSK

The LG Kiosk modular features customizable peripherals for enhanced user experience and functionality. Its adjustable display supports both landscape and portrait modes, with simplified USB-C connections on all bezel sides. Available in three stand options including Back-to-Back Stand that adapts seamlessly to various retail environments.

MODULAR DESIGN

Build the kiosk that works best for you. With its modular setup, the LG 27KC3P-M lets you add or swap components with ease, giving businesses the flexibility to adapt as needed.

VERSATILE KIOSK

From quick-service restaurants and retail checkouts to ticketing and healthcare registration, this kiosk is designed to handle multiple applications, making it a true all-in-one solution.

DISPLAY ORIENTATION

The 27-inch full HD screen can be positioned in either portrait or landscape orientation, ensuring the best fit for your space and creating an optimal user experience.

OPTIMIZED SERVICEABILITY

Designed with maintenance in mind, the kiosk allows for fast access to internal components, reducing downtime and ensuring smooth operations at all times.

ENHANCED ACCESSIBILITY

With a user-friendly design that caters to different customer needs, including ADA-compliant height and intuitive interaction, the kiosk ensures accessibility for all.
